of Correction

Sir:

On March 27, 2003 Applicants submitted a **REQUEST FOR CERTIFICATE OF CORRECTION/ ISSUANCE OF A CORRECTED PATENT UNDER 37 C.F.R. SECTION 1.322 (a)(1) AND (b)**. In that request Applicants stated their belief that the inclusion of the names Thomas A. Miller and Charles D. Thompson on the face of the captioned U.S. Patent occurred through an error by the U.S. Patent and Trademark office.

In support of the request for a Certificate of Correction/ Issuance of a Corrected Patent under 37 C.F.R. section 1.322 (a)(1) and (b), applicants noted that on June 21, 2002, a Request for Correction of Inventorship under 37 C.F.R. §1.48(b) was filed to delete Thomas A. Miller and Charles D. Thompson as named inventors. Applicants also stated that a copy of the Request for Correction of Inventorship was enclosed with the Request for the Certificate of Correction, however, such a copy was erroneously not included.

Applicants hereby resubmit a copy of the March 27th 2003 **REQUEST FOR CERTIFICATE OF CORRECTION/ ISSUANCE OF A CORRECTED PATENT UNDER**

Therefore, applicants believe they should not be charged for the correction of this error. If a fee is required the Commissioner is hereby authorized to charge such a fee with reference to our matter number 00399-12 to our deposit account number 50-0423.

**Request for Correction of Inventorship Under 37 CFR § 1.48(b)**

Assistant Commissioner for Patents  
Washington, D.C. 20231

Sir:

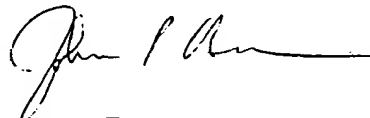

The captioned US application was filed as a straight continuation of International Application No: PCT/US00/03147 and properly named Tim MacDonald, Thomas Miller, Chuck Thompson and Christine Dieckhaus as co-inventors.

In response to a Restriction Requirement, applicants have amended the original claims in the accompanying Amendment and Response to remove the non-elected subject matter. This amendment results in fewer than all the currently named inventors remaining as actual inventors of the amended claims. Accordingly, the undersigned attorney of record hereby requests the deletion of Thomas Miller and Chuck Thompson as named inventors since they are not inventors of the elected subject matter now being claimed.

Application No. 09/925,224

Applicants also authorize the Commissioner to charge the processing fee set forth in 37 CFR § 1.17(i) as well as any additional fees due for this submission to Deposit Account No. 50-0423.

REQUEST FOR CERTIFICATE OF CORRECTION/ ISSUANCE OF A CORRECTED  
PATENT UNDER 37 C.F.R. SECTION 1.322 (a)(1)AND (b)

Commissioner for Patents  
Washington, D.C. 20231  
ATTENTION: Certificate of Correction Branch

Sir:

Applicants in the above referenced application (now issued on March 25, 2003 as U.S. Patent No. 6,538,024 B1) hereby request the Commissioner pursuant to 37 C.F.R. §1.322 (a)(1)(i) to issue a Certificate of Correction (enclosed) to delete the names Thomas A. Miller and Charles D. Thompson from the list of named co-inventors of the invention as they are not co-inventors of the invention as claimed. Applicants respectfully submit that the inclusion of Thomas A. Miller and Charles D. Thompson on the face of the captioned U.S. Patent occurred through an error by the U.S. Patent and Trademark office.

Applicants' assignee considers the nature of the Office's error in listing Thomas A. Miller and Charles D. Thompson as co-inventors of the captioned U.S. Patent inappropriate for correction by a Certificate of Correction. Accordingly, Applicants request the Commissioner to exercise their discretion under 37 C.F.R. §1.322 (b) and issue a corrected patent deleting Thomas A. Miller and Charles D. Thompson from the list of named co-inventors of the invention.

PROSECUTION HISTORY:

U.S. Application number 09/925,224, was filed on August 9, 2001 and correctly listed Thomas A. Miller and Charles D. Thompson as co-inventors of the originally claimed invention. However, prosecution of the application resulted in cancellation of claims such that Thomas A. Miller and Charles D. Thompson's invention was no longer claimed in the application. Accordingly, on June 21, 2002, applicants filed a Request for Correction of Inventorship under 37 C.F.R. §1.48(b) requesting the deletion of Thomas A. Miller and Charles D. Thompson as named inventors (a copy that request is enclosed). However the patent has now issued listing Thomas A. Miller and Charles D. Thompson as co-inventors.

Applicants hereby submit a completed Form 1050 and request the issuance of a Certificate of Correction. However, applicants respectfully submit that the nature of the mistake on the part of the Patent Office is such that a Certificate of Correction is inappropriate in form. Applicants believe the incorrect listing of a named co-inventor on the face of a patent is misleading. Due to the importance of this technology to the assignee, the University of Virginia Patent Foundation, applicants respectfully request that the Commissioner exercise their discretion and issue a Corrected patent deleting the names Thomas A. Miller and Charles D. Thompson from the list of named inventors.

Applicants believe that the listing of those two inventors as co-inventors occurred through the fault of the Patent and Trademark Office as disclosed by the records of the Office. Therefore, applicants believe they should not be charged for the correction of this error. If a fee is required the Commissioner is hereby authorized to charge such a fee with reference to our matter number 00399-12 to our deposit account number 50-0423.

Respectfully Submitted,
